THE INSIDE STORY END OF DAYS

(THE ESOTERIC VIEW)

Lucifer's Counterfeit Plans to be the Counterfeit Messiah **THE WORLD THE FLESH & THE DEVIL** **CERN—THE CUBE—THE PRISM** **SATAN'S MATRIX MACHINE** **THE DIALECTIC WARS**

There is no Arm-Wrestle going on between Jesus & the Devil.
The Victory over the Devil was accomplished by Jesus 2,000 years ago.
He is Defeated but LIES about it a lot.

Lucifers End of Days Dialectic

SATAN (chaos - [Problem]) verses LUCIFER (new order -[Reaction])
THE FALSE Luciferian MESSIAH (pre planned - [Solution])

And if Satan cast out Satan, he is divided against himself; how shall then his kingdom stand?
Matthew 12:26

Every visible thing in the world is put under the charge of an angel.
— St Augustine

*For there is nothing hid, which shall not be manifested; neither was any thing kept secret, but that it should come abroad.*Mark 4:22 |

Lucifer was a highly intelligent creature.

He most probably “knows” the Bible better than you do, not to mention the fact that he had an intimate *knowledge* of God. He is described in the bible as a huge musical machine. He even lead the worship in heaven.

For millennia Lucifer has been building Satanic Machines (Social, Political, Scientific, Religious, Philosophical Systems, War Machines etc.) to Harvest souls.

As you will see, he has a plan to create a major deception during the End of Days. Out of all these (Counterfeit of Care) Machines, he has built a Containment Matrix and Systems to ensure that “No-one gets out of here alive”.

The World has been led to Fear and to Participation in that Satanic Matrix. Towards these End of Days the screws are being applied to squeeze this matrix and the souls trapped here, creating Chaos and Despair.

People with no true spiritual Saviour, will call out for, and embrace a False Messiah, to save them, and he has been preparing this deception for eons.

This Dialectic Deception [Bad cop (Satan)- Good Cop (Lucifer)] of Global Proportions, has Lucifer using Satan as the Chaos Generator.

He has created the need for people to cry out for someone who can solve these problems. Lucifer will then present “a new vision”, a “New Order of the Ages”, a “New World Order” and become the world’s New False Messiah.

We appear to be very close to that turn of the page.....

THE DIALECTIC WARS

We now come to the Dialectic of End Games.

The Satan verses Lucifer's End Game.

This Last Book (3) and Videos deal with "**Now & The Near Future Prophesied.**"

When future events are considered far off in the time, a person does not show as much emotional fear & reactions, as the impact may not even be felt in a lifetime. These concerns can be finessed to a Generation where the ramifications can be seen on the immediate horizon, even at the door.

I caution against superstitious embracing of the conclusion of any **Dialectic**, (usually a lot of Lie mixed with enough of The Truth to make the counterfeit credible.) So separate out the symbiotic elements of the synthesized conclusion of the dialectic, and you will find The Truth Elements there.

This neutralizes (rather than proves) the counterfeit, and reveals The Real Truth. The Topics and concepts captured in these last videos and pictures must be discerned in their context of time and relevance to The Truth. Much of the material is conjectural and the messengers must be spiritually validated. But don't throw out the baby with the bathwater as many of these conjectures could well be The Truth of the matter. Watch and read with help of Jesus Christ & the Holy Spirit.

On the Wings of The Grand Deception (by Sophistry) producing a Counterfeit false Digital and Religious Messiah,

The Fallen Angel of Light now elevates himself to the Position of a god.

His counterfeit is of Global and Cosmic Dimensions. He comes on stage in response to the Global

Slavery and Chaos, caused by the Evil Machines built by his Alter - Ego, Satan.

(If you refer to the charts 1 & 2 in Left Hand side, [Path of Death] columns you can see that Natural Man is under Satan's Domain & Religious Man is under Lucifer's Domain.

Those two columns show the dialectic, the counterfeit choices that give an illusion of real choice.)

Demonstrating Lying Signs and Wonders, performing Pretend Miracles and Sorceries, he becomes the One that the Fallen World has been waiting for. He gloats as he claims success and his prize of the souls of all who would not receive The Truth. His lies have bought him a Harvest of Tares fit for the Pit.

His supposed victory is to be short lived however, as he and his prize are destined for the Great Lake of Fire. His Book of Lies has found him out. His Counterfeits are now exposed by The Court of the Universe of God's Absolute Justice.

His Pride has caught him out telling lies to himself, and a divided Kingdom cannot stand. His Pride could not entertain the possibility that God also had an End Game that Trumps his beyond dispute.

This courtroom of the universe will finally come to its Closing Judgement on the fallen ones.

The Accuser will become the accused, and the books of works will be opened, and those who denied THE TRUTH are condemned. Those not found in the Book of the Lamb (cannot claim double Jeopardy) and so, will be sentenced to spend all Eternity in the place prepared for the Devil and his Fallen Angels.

The Book of Life of the Lamb will also be opened, and those written in it will not be judged from the Books of works. Those who have accepted the Truth, and reconciled with their Creator, will be taken away from Punishment with Lucifer, to **receive Rewards with the Father and His Son Jesus for Eternity.** They are justified by the Blood of The Lamb, Jesus Christ.

I Have included this article on Denver International Airport as it is a **Massive facility with underground networks. The C.I.A. has moved from Langley Virginia to be based here and would become the Command Centre for all Intelligence and Defence operations Nation wide.**

Also Operation Jade Helm 15 Exercises for July to September 2015 includes Colorado, this will most probably be the Hub of those exercises.

The Denver International Airport of the New World Order.

Above Horse is called BLUCIFER

Twenty years and beyond not a single American could have comprehended that in the middle of the heartland where the Great Plains meet the Rocky Mountains, the Pale Horse of Death awaits your arrival. Even today, a large majority of Americans refuse to allow their thinking abilities to ascertain, and question, why a diabolical looking horse with veins and red glowing eyes greets all visitors at The Denver International Airport? Indeed, the argument can suggest that this evil looking horse represents a "bronco" identifying with the "Denver Broncos"; however, this type of "Bronco" misses the mark on the logo of the Denver NFL football teams memorabilia.

Combining the Artwork of the Murals, the Masonic Capstone that directly refers to the **New World Airport** Commission, and the Gargoyles sitting in Suitcases in the baggage terminals. The concept that this "Bronco" represents anything other than the Pale Horse of Death in the Book of Revelation sits as illogical with deep thinking individuals.

Once inside many travellers and visitors have questioned the odd murals, artwork, and layout of the Denver Airport. Many travellers and researchers of Denver International will comment on the weird energy and the strange layout such as some of the concourses are only connected by train, no walking.

The cost of \$4.8 billion, nearly \$2 billion over budget, creating one of the most efficient airfields in the world that created the diagram of the Nazi Swastika. The 33,000 acres (52 sq mi; 130 km) of land occupied by the airport is nearly twice the land area of Manhattan.⁵

Other Facts of DIA

- 5300 miles of fibre optics were installed for communications (USA coast to coast is 3000 miles).
- 110 million cubic yards of earth have been moved and the construction continues at the Denver Airport. Many enthusiastic onlookers claim a massive underground complex beneath the Airport.
- Different contractors have been hired for different parts of the airport. They've all been fired after their job was done. Many skeptics and observers claim this strategy is to hide the true intent of the project.
- Fuelling system that can pump 1000 gallons of jet fuel per minute. This amount is totally absurd for a commercial airport. Granite imported from all over the world, obviously the 2 billion dollar over budget is a non issue.

There is a large number of people that agree:

The Denver International Airport is built for the New World Order. It is said that DIA will serve as the headquarters for the New World Order in the West, an underground city for the elites, a military base, and a huge surface/underground concentration camp, or "Death Intermediate holding Area".

The reality is that DIA could also serve as an extermination/death killing centre for the New World Order. Many people who study the alien issue claim there is a huge alien lab deep under DIA.

Sounds far fetched? Yes, only for those who refuse to study the context and wake up to the evil intentions of the New World Order and the current issues of 2012.

Leo Tanguma painted the Murals, supposedly paid \$100,000 for the first ones and that they represent peace, harmony and nature. Certainty, upon the ideology of the Nazis on how to accomplish "peace and harmony".

Some current sources say that some of these murals have been painted over or taken down. However, the issue is to analyse the original murals and to decipher the message of deception.

The CIA has now moved to their new address in the underground bases of Denver Airport

The sinister murals tell the entire NWO plan, but nobody seems to notice or care.

FEMA will set up continuity of government here if their plan to topple the US succeeds.

This Mural is representing destruction, it shows a city in the background with⁶a haze, the forest is burning, and the glass cages may represent a biochemical war.

The three girls near the bottom that are in coffins represent the dying of religion and other concepts. The girl you see with the black hair and blue shirt is holding a tablet, supposedly the Mayan Calendar. The key to this Mural is the dark coloured individual with the "halo", keep this in mind. The Caucasian girl on the lower right in the coffin is holding a bible and the Jewish yellow star is visible.

The next mural no doubt expresses world peace, however notice that the nations are giving their weapons to the German boy in the blonde hair and gray jacket who is "beating their swords into ploughshares".

The few key points to notice are the two doves that represent peace, the rainbow that continues to the next mural, and the soldier with the gas mask that appears to be dead.

**What a wonderful story to accomplish peace you must have war,
at least that is what Hitler taught. However the story doesn't end**

An interesting concept, after the peace mural of the entire world handing their weapons to the German boy. In the above mural, the Military figure with the gas mask comes to life. Not only that this military image represents the Fascist Nazis, the rainbow swoops around the military guy, fades out, and points to a distraught boy with a blanket wrapped around himself. The dove lost its mate and is being poked in the butt with the sword, and everyone looks like they have gone to hell and woken up in Satan's playground of horror.

This picture was cut off, but on the bottom right hand corner Leo Tanguma painted a letter from the holocaust. It is an actual letter written by a Hama Herchenberg, 14 years old, that died December 18, 1943 in Auschwitz Concentration camp.

Take note: the two above murals could be translated the opposite direction. The Military conquers the earth first to attain peace.

The **Montauk Project** is an alleged series of secret United States government projects conducted at Camp Hero or Montauk Air Force Station on Montauk, Long Island for the purpose of developing

psychological warfare techniques and exotic research including time travel.

Jacques Vallée describes allegations of the Montauk Project as an outgrowth of stories about the Philadelphia Experiment. The history of the Montauk Project story is closely associated with and often believed to originate in the Mountauk Project series of books by Preston Nichols.

Fascinating, right in the middle of the American Heartland, a country where they use to call "the home of the brave" exists the story how the diabolical elite of the world plan to accomplish their one world peace.

After the below murals is the scene of their idolatrous worship of peace.

Looks like a happy family of mind control if you ask me; notice the guy with the Halo? although a more defined halo and the middle of the attention and the worship of the strange type of “tree or plant”.

There are many different theories and definitions of the murals at the Denver Airport. Many people believe that the New World Order will genocide 90% of humanity off of the earth.

That is what Jesse Ventura is teaching within his third episode of his “conspiracy theories show” on Tru TV. On his last show about 2012, Jesse Ventura portrayed that the Denver Airport is an underground bunker for the Government for 2012.

Partly true except that he avoided to mention the runways are shaped as a Nazi Swastika. And, gave no explanation for the murals, except that they just questioned, "what is that?".

Possibilities of Deception!

Consider the vested interests that the Lower Entities have in the human race, I highly doubt there will be a genocide of humanity. This propaganda is a deception to create fear and hopelessness and so people will accept the NWO. The lower entities need energy and the human race is a prime source. There is a much deeper diabolical plan of the combined powers of the darkness with the humans they trap into their domination.

Few Different Deceptive Scenarios:

- A chemical warfare is a possibility, but how would the world unite? Unless they create a scenario of accidents, but a lot of people would catch on—not very deceptive.
- An earthly catastrophe could unite humanity, and possibly the antichrist stepping in as the saviour. However, a major amount of people are expecting this scenario to occur.
- The New World Order taking control by force? Not very likely, there is not much deception behind that idea. I think the powers of the darkness are a little too smart to make their plan that obvious.

The prime type of deception would be a war, but with the alien Grays attacking humanity or some other type of ET. Since over 85% of humanity refuses to believe in ET aliens, this scenario would shock the mind and create a panic which handicaps the ability to problem solve. The entire world would unite, especially if the holy sites, and locations of national identity were bombed. And, a war would cause trauma upon many people that can add to the agreement level of the mind. However, this war would be fabricated from the one with the halo in the murals who could very well represent the antichrist. The thought process would shift suddenly that would infuse the brainwashing propaganda that humanity is being taught such as the 2012 syndrome.

To correlate with the murals, after this fabricated war—or however you want to view the destruction—which the antichrist would cause a miracle to save humanity from the aliens; the united world will happily surrender their national and religious positions and accept the New World Order with the surrendering of their weapons of mass destruction. After this deception, the New World Order with the Antichrist as the leader will round-up and kill anybody who resists or opposes.

Anyone who agrees and submits to the New World Order will be their human chipped slave. This will be the great tribulation that Jesus taught. Once the New World Order has murdered all the opposes, and anybody who possesses a disposition to truth, love, and light; at the time New World Order is declaring “Peace and security”. Then, Jesus will return to reduce the kingdom of the Darkness (the new world order) into their dark hole of existence. This will accomplish the separation of the Tares from the Wheat—the light of truth on the right, and the darkness of falsehood and wickedness on the left.

I am sure this sounds like a good blockbuster movie for many? But, think of the possibility under the thought of deception?

It has been said that the Illuminati Elite are obligated to warn humanity because they live by a “Masonic Code”. It is a possibility, although it should be clear that the powers of the darkness don’t want people who are aware, because people that comprehend the truth have open minds

The NWO want people who are deluded and duped through their mind control techniques of television and false propaganda. By revealing the truth and the corruption in Government, the powers of the darkness will easily root out the nucleus of the opposition at the very beginning to avoid a strong influence upon the large deluded mass of humanity, this is also a possibility.

An Opinion from the [2012 Forum](#) about DIA:

Actually what they did was hire a bunch of workers from one company to build one part, then fire that contractor and hire another to build another section, then fire them and hire another, so on and so forth.

There have been workers who have come forward because of the things they saw, such as an 8 story underground building that was built, then suddenly they said ..oh whoops we didn't mean to build that over there, and they started over in a different spot, but the building they "abandoned" was pretty much completed already. Not to mention there are tons of tunnels underneath, and a whole host of other

mysterious things...like the fact that they can
generate WAY more power than they can actually use.

The runway and buildings were built and then buried (the runway with a little over 6 inches of topsoil) and the cause for this was it was "not to proper specs" when in fact the normal policy is to "tear down and remove" cement, framings, and other materials not needed if they were built wrongly in the first place.

Denver was chosen because it is centrally located and connects to hundreds of miles of underground tunnels, which likely lead to a giant underground city for the Elites and Government officials.

Oh and btw...I live in Colorado, if you couldn't discern from my user name. I've been to DIA at least 100 times, and seen every one of the "conspiracy objects"...the murals, the headstone with the symbol of the free masons, the gargoyle in the suitcase, the giant power plant, the miles of tunnels where you see giant air ducts coming out of the ground, etc etc. I've seen underground tunnels on the train system that go off into the darkness at junctions...sure they could be all repair bays for the trains, or something like that...but it's odd that some of those tunnels are lit, some are pitch black and you almost don't even see them as you move along quickly in the dimly lit train tunnels. So I do think a lot of what's been suggested about the DIA conspiracies have a good chance of being true.

[¹³And the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs, when she is shaken of a mighty wind. ¹⁴And the heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places. ¹⁵And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains; ¹⁶And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb: ¹⁷For the great day of his wrath is come; and who shall be able to stand?]

Revelation 6:16]

Some say, that there is an underground base beneath the DIA.

Phil Schneider, a government whistle-blower, claimed that in the last year of DIA construction **a vast eight level deep underground base was constructed below the compound.**

He also said that there is an unusually high electro-magnetic frequency emanating from below the DIA.

What does this have to do with the Queen of England?

Some speculate that the area below the airport is intended to be an enormous bunker, designed to shield the elite from some sort of an impending catastrophe. An "ark", if you will.

Then there are those who say it is a military base, where Top Secret experiments are being carried out, right under the noses of travellers.

From Dr Bill Deagle's December 2006 Granada Forum Lecture:

I took care of John Fialla, who was best friends with Phil Schneider.
How many people know about Phil Schneider?

Well, they were using tunnelling machines back in the mid-90s that could tunnel through a rock face at seven miles per day, that could cut through a rock face with high-energy impact lasers that could blow the nano-sized particles of rock so that there was no debris left, forming an obsidian-like core, and laying an inner core for unidirectional maglev trains that travel at Mach 2 to 2.8 underground between these very powerful and organized cities. There's 132 under the United States, an average of 5.36 to 7.24 cubic miles in size at an average of 1.5 to 4.5 miles underground, built, by and large, most of them in areas away from geo tectonic areas -

but there's going to be lots of new geo tectonic faults established when you have force 11, 12, 13, 14 earthquakes hit the Earth.

**Why are they rushing to do this?
Because they know that catastrophe is coming.**

And where's this money coming from? It's not coming from our regular Black Op budget. It's coming from the illegal sale of drugs. In the United States there's at least, by conservative estimates, a quarter of a trillion to a half a trillion of illegal drugs just sold in the United States that goes directly into underground budgets, and 90-95% goes to the DUMBs [Deep Underground Military Bases].

Photo of United States Air Force tunnel boring machine at Little Skull Mountain, Nevada, USA, December 1982. There are many rumours of secret military tunnels in the United States. If the rumours are true, machines such as the one shown here are used to make the tunnels. (*Source: U.S. Department of Energy.*)

This is a \$13 million tunnel boring machine (TBM) used for tunnelling at the Nevada Test Site. (Remember that Area 51 is part of the test site.) Many other types of TBMs are used by many government agencies, including the 'nuclear powered TBM' [NTBM] that melts solid rock and leave behind glass-like walls.

Most tunnelling activity is under military installations and all information is highly restricted. Former employees of said facilities have surfaced over the years to talk of massive underground installations in places like Area 51, the Northrop facility in Antelope Valley, California (rumoured to have 42 levels), and the Lockheed installation near Edwards, California.

"BIG BLACK HOLES FOR THE DARKSIDE"

13

The '**Black Budget**' currently consumes \$1.25 trillion per year. At least this amount is used in **black** programs, like those concerned with deep underground military bases.

Presently, there are 129 deep underground military bases in the United States. They have been building these 129 bases day and night, unceasingly, since the early 1940's.

Some of them were built even earlier than that. These bases are basically large cities underground connected by high-speed magneto-leviton trains that have speeds up to Mach 2.

Several books have been written about this activity.

The average depth of these bases is over a mile, and they again are basically whole cities underground. They all are between 2.66 and 4.25 cubic miles in size.

They have laser-drilling machines that can drill a tunnel seven miles long in one day.

I was involved in building an addition to the deep underground military base at Dulce, which is probably the deepest base.

It goes down seven levels and over 2.5 miles deep. I helped hollow out more than 13 deep underground military bases in the United States.

More thought-provoking images of tunnel boring Equipment.

And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb:

swallowing the earth from the core outwards, if not the sun, and/or the generation of a huge amount of energy equivalent to a thermonuclear bomb per second.”

CERN is already powering up in the Middle East in their (**Open**) SESAME site.. You MUST know the effects.

The vid slides are private locutions posted for our discernment years ago on SpiritDaily.com I knew the earliest part referred to genetic experiments, (not posted here) and I believed the later referred to CERN. This is the first time I have been able to locate an inside scientist talk about both the science in layman's terms & the spiritual issues.

My discernment tells me the locutions are deadly accurate, and with 3 power-ups this year, we may well be facing the horror of the worst prophecies given through the history of the church.

Q - will Our Lord reveal to these people heaven's fundamental alarm BEFORE further damage occurs?

May God be with all of you. The Large Hadron Collider (LHC) has restarted again this April 2015 in the search for Dark Energy and possible extra dimensions in our Universe. Will Cern Create Black Holes this time, or find the key to the Universe?

The GOD particle... So many questions and so few answer's. Galaxies in our universe seem to be achieving an impossible feat.

They are rotating with such speed that the gravity generated by their observable matter could not possibly hold them together; they should have torn themselves apart long ago. The same is true of galaxies in clusters, which leads scientists to believe that something they cannot see is at work.

They think something we have yet to detect directly is giving these galaxies extra mass, generating the extra gravity they need to stay intact.

They call this mysterious stuff dark matter.

Unlike normal matter, dark matter does not interact with the electromagnetic force. This means it does not absorb, reflect or emit light, making it extremely hard to spot.

In fact, scientists have been able to infer the existence of dark matter only from the gravitational effect it seems to have on visible matter.

Dark matter seems to outweigh visible matter roughly five to one, making up more than 80% of all the matter in the universe. Scientists think that dark matter particles were some of the few types of particles created in the big bang that are stable enough to still be around today.

Experiments at the Large Hadron Collider (LHC) may provide more direct clues about dark matter. Many theories say the dark matter particles would be light enough to be produced at the LHC. If they were created at the LHC, they would escape through the detectors unnoticed. However, they would carry away energy and momentum. Scientists could infer their existence from the amount of energy and momentum missing after a collision.

Dark matter candidates arise frequently in theories that suggest physics beyond the Standard Model, such as super symmetry and extra dimensions.

If one of these theories proved to be true, it could help scientists gain a better understanding of how our universe is composed and, in particular, how galaxies hold together.

A deeper look into how CERN is being used as the key to the bottomless pit, the bending of light, collide of dimensions & turning of the key. We are in the prophetic end times. Keep joy in your heart always, do not fear the defeated foe.

It is reported that there are up to 14 colliders around the world.

It could be one hell of a ride !

SATAN'S MATRIX MACHINE—WARS AND RUMOURS OF WARS - PART 1

First we learned that Operation Jade Helm 15 is coming this summer from mid-July through mid-September to a Southwest neighbourhood near you stretching from Texas to California.

Per government sources and their mainstream media outlets like the Washington Post, it's nothing more than a benign massive military drill designed to test how effectively US Special Operations forces can covertly and as seamlessly as possible embed themselves into the civilian populace as a mere security training exercise to keep us all safe in the future. The Washington Post March 31st headline - Why Operation Jade Helm 15 is Freaking out the Internet and Why it Shouldn't Be" - then goes on to list several alternative news sites like InfoWars making the claim that martial law in America is coming soon.

According to last August's CNN poll, an all-time high of 87% of Americans simply do not trust their own government nor mainstream media as truthful or credible. More and more Americans are turning to alternative news sources in an attempt to find out what's really going on in their world.

But the rash of "sky is falling" headlines from the internet news sources have created a media firestorm.

Millions of Americans could hardly be consoled by the *Washington Post* article encouraging them not to worry that our government once again is up to no good. Instead those distrusting MSM believe Jade Helm 15 is a training exercise that will pave the way for US martial law similar to how the Boston Marathon false flag was a litmus test for martial law imposed on a major US metropolitan city. Except this time Jade Helm's unprecedented size and scope covers a large expansive area taking up the south western quadrant of the United States.

The US military has designated certain states like Texas, Utah and part of Southern California during this operation as "hostile," adding that "New Mexico isn't much friendlier." That the one time reputable DC newspaper that broke Watergate in the 70's describes the Jade Helm operation in terms as if it were some kind of board game like Risk or Monopoly doesn't help its already dubious credibility.

Millions of Americans have realized their own oligarchic government has betrayed them and their interests and simply can no longer be trusted. So in the eyes of the feds, that would automatically make them "hostile." The *Post* article also lists several past covert military operations where states have been labelled as hostile territory for purposes of the training exercises. And of course that they went by unnoticed should give us solace the Jade's outcome will be no different.

Now that the fascist totalitarian oligarchy posing as our federal government has been busily expanding its military wars from the Middle East to American soil against its own law abiding citizens, the *Post* tells us we shouldn't worry.

George W Bush once infamously proclaimed "you're either with us or against us."

The fact that police in America armed with the same heavy weaponry look identical to US combat troops fighting foreign wars are now murdering unarmed US citizens at an unprecedented rate, we shouldn't worry? The number of Americans civilians since 9/11 killed by militant police is closing in on the number of American soldiers killed in action fighting in the Iraq and Afghanistan wars (as of a year ago 6802).

Though no actual records are conveniently kept of police killing Americans, a year and a half ago it was reported that estimates of over 5000 Americans were killed by police since 9/11. Tack on the mounting numbers of police killings that have increased exponentially in the last year and a half and it could well exceed the KIA's from foreign wars by now. That tells us the same counterinsurgency wars the US has been brutally waging on foreign soil is now being fought against us in the streets of America. As such, we stand to lose our life 55 times greater from our own police than any actual terrorists.

**And if you happen to be an
African American male, that likelihood skyrockets.**

As of the 2012 NDAA, military forces can enter our homes without warrants or charges and lock us up indefinitely without trial or legal representation. And according to that *Washington Post* article, apparently we should have no concerns about Special Forces showing up at our doorstep or roaming through our neighbourhoods for several months over the summer. Our friendly state propagandist *Washington Post* says that when the elite wing of Big Brother's killing machine invades our local communities, we should actually feel safer. Military spokesman Army Lt. Col. Mark Lastoria's email stated, "Training exercise Jade Helm is going to assist our Special Operations Soldiers and leadership in refining the skills needed against an ever changing foreign threat."

And we should all believe this because the military has such a great track record of always telling us the truth.

From the Boston Marathon bombings to Sandy Hook, the government has been executing false flags for purposes of imposing absolute NWO control over its citizens. Ever since the neocons' inside 9/11 job the feds have used their "national security" card ad nauseam as their flimsy excuse to wilfully betray our Constitution that they all swore oaths to uphold. And in its place treasonous governments in the West have systematically enacted draconian Orwellian laws of tyranny and oppression to conveniently yilify citizens bold enough to demand their civil liberties and privacy rights back. We dissidents who do not approve of our government's obliteration of our constitutional rights have become the feds' targeted enemy and deemed potential home grown terrorists.

Even homecoming veterans from US foreign wars are perceived as threats.

SATAN'S MATRIX MACHINE—WARS AND RUMOURS OF WARS - PART 2

The international criminal cabal beholden to the Western oligarchs has infiltrated and hijacked the governments of Israel and the United States as well as Europe, Canada, Australia and Japan. We have a crime syndicate that has protected the international banksters who've been laundering drug money for multiple decades in its international drug trade. There's nothing new here as the Bush crime family has been running drugs from South and Central America since the 1970's. For years the US Drug Enforcement Administration (DEA), the State Department, the CIA, the FBI, the US military and their paramilitary private contractors have been flooding America and especially its inner cities with drugs – crack cocaine from Latin America and heroin from Afghanistan. information you utilize in order to draw your own conclusions. High levels of the US government have partnered with drug cartels from Mexico, Peru, Colombia, Central America, and Dominican Republic to maintain their criminal activities. At the same time, ever since the late 1970's high levels within these same US rogue crime agencies have also been partnering with al Qaeda/ISIS to create their invented "war on terror."

And now if you believe many of the independent media sources, as of this summer all these sinister elements appear to be converging to soon cause catastrophic upheaval in the US Southwest, likely to change America forever. According to Judicial Watch earlier this week, the independent federal watchdog organization revealed that the US government is complicit with both the Mexican government and the Sinaloa drug cartel to be involved in joint training camp operations with ISIS a few miles from El Paso, Texas across the border in Mexico. Judicial Watch claims a Mexican military field grade officer and a Mexican Federal Police Inspector are among its sources. The camp is said to be located just eight miles from the US border. Despite the US intelligence community being well aware of this claim that terrorists might be currently training a few miles from our border and apparently planning an alleged invasion of the United States, President Obama as commander-in-chief apparently is laying low with only the already announced plans of Jade Helm operations that neither include a false flag war involving ISIS nor World War III as much of the internet media is all abuzz.

Between the US State Department's Fast and Furious gun smuggling operation that was caught "inadvertently" arming drug cartels several years ago, and the feds' funding and secret backing of ISIS as their proxy mercenary allies, several independent media sites maintain that a covert operation involving ISIS' hybrid terrorists have been "slipping" across the border into the United States as provocateur forces designed to kill American citizens. Jade Helm and this latest ISIS piece converging on the states bordering Mexico are said to be the Obama excuse he's been planning to implement martial law, illegally arresting American dissidents after a false flag event where Americans are murdered by the feds' terrorist stooges.

Even more alarming is *The Common Sense Show's* Dave Hodges most recent post including photos of surface to air missiles at a US Air Force base that literally appeared overnight near Lubbock, Texas. In the designated hostile state of Texas, Hodges believes more than just martial law will be initiated but an actual US invasion and World War III is planned.

These days it is becoming increasingly more difficult to ferret out the truth, be it mainstream or independent media sources. A major strategy the federal government commonly uses to discredit alternative media is planting disinformation within its ranks. Government moles have infiltrated the so called independent online media, intentionally muddying the waters so murky as to obscure the facts. When alternative sites cry out that the sky is falling and then it doesn't, It conditions consumers of independent media to no longer believe them either, thus rendering all independent news outlets "whacked out conspiracy theorists." Through various PSYOPS the US intelligence community has targeted both social media as well as alternative news media as viably effective outlets to spread further disinformation and propaganda lies. Of course this malicious agenda of the US government purposely keeping Americans uninformed in the dark, too dumbed down and confused, not knowing who or what to believe or trust as the actual truth, is exactly where the feds want us. After checking with their inside sources, Veterans Today editors Gordon Duff and Jim W. Dean have drawn the conclusion that the neocon feds have purposely used Jade Helm 15 to deceive and discredit independent news sources that are running with the ISIS invasion story.

This writer is uncertain of the coming events this summer. I'm unwilling to completely rule out the dire forecast of "an ISIS invasion" while simultaneously I'm unwilling to trust what the feds, the military or the *Washington Post* claim Jade Helm will bring as well. It bears in mind today to be sceptical in a healthy way toward any and all news outlets. Unfortunately it requires some vigilance and a willingness to do homework cross-checking sources to arrive at a more informed and accurate assessment of what may actually be transpiring in the world.

Too many hidden agendas from both the right and the left carry misinformation and deception, whether intended or not. Ultimately the rule of thumb should minimally be to check the sources of whatever news information you utilize in order to draw your own conclusions.

I BEHELD TILL THE 'THRONES' WERE CAST DOWN, AND THE 'ANCIENT OF DAYS' DID SIT, WHOSE GARMENT WAS WHITE AS SNOW, AND THE HAIR OF HIS HEAD LIKE THE PURE WOOL: HIS THRONE WAS LIKE THE FIERY FLAME, AND HIS WHEELS AS BURNING FIRE. A FIERY STREAM ISSUED AND CAME FORTH FROM BEFORE HIM: THOUSAND THOUSANDS MINISTERED UNTO HIM, AND TEN THOUSAND TIME TEN THOUSAND STOOD BEFORE HIM: THE JUDGEMENT WAS SET, AND THE BOOKS WERE OPENED. I BEHELD THEN, BECAUSE OF THE VOICE OF THE GREAT WORDS WHICH THE 'HORN' (LITTLE HORN) SPAKE: I BEHELD EVEN TILL THE 'BEAST' (THE FOURTH WILD BEAST) WAS SLAIN, AND HIS BODY DESTROYED, AND GIVEN TO THE BURNING FLAME. AS CONCERNING THE REST OF THE 'BEASTS', THEY HAD THEIR DOMINION TAKEN AWAY: YET THEIR LIVES WERE PROLONGED FOR A SEASON AND TIME." DAN 7: 9 - 12..

THE BANNER OF

"Three rivers of the world shall yield three crowns to the Anointed from Cracow, and four allies from four confines shall take an oath of allegiance to him."

The above prophecy is one of a series concerning Poland. These prophecies were made in 1893 and were considered to be of such consequence that they were deposited in the Ossolinski Library at Lwow until they were made public during the early days of World War II (A Book of Prophecy: from the Egyptians to Hitler, edited by John Courtney; Charles Scribner's Sons, 1942).

Since the words "anointed" (i.e., applied oil in a sacred rite) usually refer to the consecration of a high official in the Church—or to a king, which Poland has not had in recent years—the election of Karol Wojtyla, Cardinal from Cracow to the office of Pope in the Roman Catholic Church would appear to designate him as the subject of this prophecy.

His proud heart he left behind.***

The individual vs. the planned society

PART 1

by Jon Rappoport November 14, 2013

www.nomorefakenews.com

At the outbreak of World War 2, **the Council on Foreign Relations** began making plans for the post-war world.

The question it posed was this: could America exist as a self-sufficient nation, or would it have to go outside its borders for vital resources?

Predictably, the answer was: imperial empire.

The US would not only need to obtain natural resources abroad, it would have to embark on **endless conquest to assure continued access.**

The CFR, of course, wasn't just some think tank.

It was connected to the highest levels of US government, through the State Department.

A front for Rockefeller interests, it actually stood above the government.

(**Remember "The Quest"**)

Behind all its machinations was the presumption that planned societies were the future of the planet.

Not open societies.

Through wars, clandestine operations, legislation, treaties, manipulation of nations' debt, control of banks and money supplies, countries could be turned into "managed units."

Increasingly, the populations of countries would be regulated and directed and held in thrall to the State.

And the individual? He would go the way of other extinct species.

For several decades, **the pseudo-discipline called "social science"** had been turning out reams of studies and reports on tribes, societal groupings, **and so-called classes of people.**

Deeply embedded in the social sciences were psychological warfare specialists who, after World War 2, emerged with a new academic status **and new field of study: mass communications.**

Their objective?

The broadcasting of messages that would, **in accordance with political goals**, provoke hostility or pacified acceptance in the masses.

Hostility in support of new wars; acceptance of greater domestic government control.

The individual vs. the planned society

PART 2

35

Nowhere in these formulae was the individual protected.

He was considered a wild card, a loose cannon, and he needed to be demeaned, made an outsider, and characterized as a criminal who opposed the needs of the collective.

As the years and decades passed, this notion of the collective and its requirements, in a “humane civilization,” expanded. Never mind that out of view, the rich were getting richer and poor were getting poorer. That fact was downplayed, and the cover story—“share and care”—took centre stage.

On every level of society, people were urged to think of themselves as part of a greater group. The individual and his hopes, his unique dreams, his desires and energies, his determination and will power...all these were portrayed as relics of an unworkable and deluded past.

In many cases, lone pioneers who were innovating in directions that could, in fact, benefit all of humanity, were absorbed into the one body of the collective, heralded as humane...and then dumped on the side of the road with their inventions.

Their breakthroughs could upset favoured monopolies **and actually elevate the lives of people. Therefore, men like Tesla and Buckminster Fuller had to be buried.** In other cases, there was very little praise before burial. Wilhelm Reich, Dr. William Frederick Koch, Royal Rife.

In the planned society, no one rises above the mass, except those men who run and operate and propagandize the mass.

In order to affect the illusion of individual success, as a kind of safety valve for the yearnings of millions of people, **the cult of celebrity emerged.** But even there, extraordinary tales of rise and then precipitous fall, glory and then humiliation, were and are presented as cautionary melodramas.

The onrush of technocracy gears its wild promises to genetic manipulation, brain-machine interfaces, and other automatic downloads assuring “greater life.”

**No effort required.
Plug in, and ascend to new heights.**

The individual vs. the planned society

PART 3

36

If the individual has any place in this future, it is: working at a job, keeping his or her head down, supporting the family, gradually wearing down, and dying. In more and more cases, the job is within, or attached to, government.

Freedom? Independence? Old flickering dreams vicariously viewed on a screen.

Individual greatness, imagination, creative power? A sunken galleon loaded with treasure that, upon closer investigation, was never there to begin with.

The plan is all that is important. The plan involves universal surveillance, in order to map the lives of billions of people, move by move. In order to design systems of control within which those billions live, day to day.

But the worst outcome of all is: the individual cannot even conceive of his own life and future in large terms.

The individual responds to tighter control with a shrug, as if to say, "What difference does it make?"

He has bought the collectivist package.

His own uniqueness and inner resources are submerged under layers of passive acceptance of the consensus.

And make no mistake about it, this consensus reality, for all its exaltation of the group, is not heraldic in any sense.

The propagandized veneer covers a cynical exploitation of every man, woman, and child.

Strapped by an amnesia about his own freedom and what it can truly mean, the individual opts for a place in the collective gloom.

He may grumble and complain, but he fits in.

He can't remember another possibility.

Every enterprise in which he finds himself turns out to be a pale copy of the real thing.

"We" isn't an advanced form of "I"

In a BBC documentary, "Google and the World Brain," the issue of author copyright is explored. Google has scanned and published out-of-print books that are still covered by copyright.

Interviewed, Kevin Kelly, the co-founder of Wired, makes a startling remark. In his view the whole issue of copyright is archaic. He explains that all authors draw their ideas from previous authors and therefore don't own their own ideas.

It's wonderful to witness such bloviating on the cusp of the New Civilization, in which "you didn't build that" is taken to unprecedented levels.

Kelly should start a publishing firm; all his authors would work for free. After all, nothing is original, nothing is new, and these writers are merely rearranging other people's words.

You might be surprised at how many people actually believe this tripe Kelly is passing along.

It's part of the vastly expanding operation aimed at the individual.

The "modern" position is, we're all one great big group.

Rimbaud was just redoing Shelley. Dylan Thomas was adding a few exhibitionist touches to Shakespeare, who was aping Sophocles. Plato was mimicking generations of Egyptian high priests. Socrates was staging dialogues based on arguments between cave men.

If we could climb into a time machine, we could travel back to the age of the Neanderthals and see that Neanderthals were stealing thoughts after listening to what ants and gorillas and cabbages were saying.

The individual imagines and creates? Ho-ho-ho. Ridiculous.

Yes, it's all spiritual collectivism, and we're melting down into one cosmic goo-glob, and it's all marvellous.

"It's all information" is the code phrase, as if all data are like all other data, and therefore diminished—in which case "information is power" means degraded and shrunken power.

The move to wipe out the entire concept of the individual and erase it from human consciousness is a propaganda op. It is far easier to wield control over a group.

"We" isn't an advanced form of "I."

"We" isn't an advanced form of "I"

PART 1

Here is where things are heading: "I/we are together." Then: "We are together." Then: "We." Then: Nothing. Oblivion.

The failure to see this is a direct consequence of the failure of a person to know he is an individual.

Free and independent, despite all indications to the contrary.

The psychology of the entangled individual can take an unlimited number of forms. But the essence of the problem revolves around hemmed-in freedom.

It doesn't revolve around the "glories" of fitting in.

The US Constitution didn't invent freedom. It tried to deal with that eternal truth, as it would be affected by government.

The ancient story of the Tower of Babel is an early propaganda op. The one universal language was destroyed, as punishment for trying to reach heaven, and therefore, new languages proliferated.

And the problem with that? The collective was destroyed. Power was decentralized. That's a problem?

In other words, the ancient legend of the Tower was inside out.

All central authority, secular or religious, preaches collectivism. That is its primary weapon, it's primary means of mind control.

THE PRISONER WITHIN

LORD

How do we FREE the PRISONER WITHIN ?

-- the one who's imprisoned by ADAM'S FIRST SIN ?

How do we FILL that VACUUM INSIDE ?

-- a place for our MAKER ? KEPT OUT by our PRIDE ?

The SENSES we're born with are our MEASURING rods ,

--instead of our SERVANTS , we make them our GODS;

Our PATH becomes strewn with old BROKEN TOYS ,

--sorrows are BURDENS , success measures JOYS;

We make for ourselves a VACUUM WITHIN ,

--and desperately try to FILL it WITH SIN :

How do we fill that VACUUM INSIDE ?

--a place for our CREATOR ? KEPT EMPTY by PRIDE ?

SPIRIT imprisoned with PRIDE as its CAGE ,

--FAITH has departed , and life turns to RAGE ;

MIND interned in Folly - a CELL ,

--DISCERNMENT is lost , we see only HELL ;

EMOTIONS in CAGES with LOCKS made of LIES ,

--The PRISONER INSIDE , sees all that is LOVEDDIES ;

BODY becomes the PRISONER of THINGS ,

--Our HIGHER DECEIPTS have all GATHERED IN :

How do we free the PRISONER WITHIN ?

--the one who's IMPRISONED , being BORN INTO SIN ?

ASHAMED of WITHINS we turn to WITHOUTS ,

--ASSUREDLY building our CASTLE of DOUBTS ;

With WALLS that SURROUND , made ERECT and so STRAIGHT ,

--HIDING inside all OUR MISERY and HATE ;

The TOWERS we build , stand up PROUD and TALL ,

--HIGHER and HIGHER , WE MEASURE our FALL ;

And atop these VAIN TOWERS , we place a large dome ,

--OF DARKNESS , NOT LIGHT to GUIDE us back HOME ;

The DUNGEONS below , are DARK , DAMP and SMALL ,

--Places where SPIRIT is stooped ; FORCED to CRAWL ;

These DUNGEONS we build , as we WALK all ALONE ,

--Surrounded by people , yet STILL ON OUR OWN :

How do we FREE the PRISONER WITHIN ?

--How do we FILL that VACUUM INSIDE ?

AT PRISON DOORS HE KNOCKS and PATIENTLY WAITS ,

--Hoping we'll WILLINGLY move to the GATE ;

Will we STAY DEAF , to HIS KNOCK at our doors ?

-- And will PRIDE ensure , we stay PRISONERS of THE LAW ?

Or , will our FAITH , through an ACT of our WILL ?

-- Move us to LET HIM , CANCEL our BILL ?

THEN :

FREED BY HIS KEYS..... IN RUSHES GRACE !

-- BECOMING HIS LOVE , PEACE AND JOY FILL THAT PLACE !

ONLY THEN CAN YOU FREE , THAT PRISONER WITHIN !

-- FREE HIM AT LAST FROM ADAM'S FIRST SIN !!

ONLY THEN CAN YOU FILL , THAT VACUUM INSIDE !

-- INVITING OUR SAVIOUR , OVERCOMING OUR PRIDE !!

JESUS CHRIST IS OUR SAVIOUR.....GOD HAS NOT LIED !

.....WITHOUT HIS GREAT SACRIFICE..... ALL WOULD HAVE DIED !!

MARANATHA !!

AMEN!!!

A PRAYER ON THE WAY

LORD

So often we stumble , on stones that ABOUND ,
-- How far from YOU , can we move on this GROUND ;

When life fills with PRIDE , that shutters and BLINDS ,
-- YOU then have to SHOUT, to REACH for our MINDS ;

Then , the louder YOU SHOUT , the ANGRIER YOU SOUND ,
-- In REBELLION we find that YOUR JUSTICE CONFOUNDS :

When , in fact in a WHISPER of CLOSENESS YOU BIND ,
-- All of the DIFFERENCES , VARIETIES and KINDS ;

YOUR LOVE and YOUR CARE ARE SPREAD all around
-- In GRACE we all find , that YOUR MERCY ASTOUNDS :
YOURS is THE TRUTH , and THE LIFE , and THE WAY ,
-- Such a GREAT GIFT , so LITTLE TO PAY ;

HELP us to OPEN our HEARTS then , and PRAY ,
-- That WE will be WITH YOU , on that GREAT DAY ;

WHEN the HEAVENS ROLL OPEN , and the STARS LEAVE THEIR PLACE ,
-- REVEALING the GLORY that SHINES from YOUR FACE ;

THIS is the ALTERNATIVE to which we ASPIRE ,
-- In the OTHER we're LOST in that GREAT LAKE of FIRE :
From moment to moment , we amble ALONG ,
-- Distracted and tired by lifes' busy SONG ;

Lead us to enrich each moment with GRACE ,
-- Helping us build , in that Heavenly PLACE ;

A SOUL-SHAPED MANSION , that carries OUR NAME ,
-- Fulfilling YOUR PROMISE that wipes out OUR SHAME ;

If WE can TURN , in OUR moments of NEED ,
-- To YOU on THE CROSS , whose BODY did BLEED ;

Then that PRECIOUS BLOOD will WASH our DESPAIR ,
-- And clothe us in GARMENTS so RIGHTEOUS and FAIR ;

AND THEN WHEN WE MEET YOU -- OUR GROOM -- AS YOUR BRIDE !
-- WE'LL HAVE BEEN GLORIFIED , BY OUR JESUS -- WHO DIED !!

TO RAISE AGAIN ! THE LOWLIEST OF MEN ! TO LIFE EVERLASTING !

MARANATHA !!
AMEN !!!

'O RAPTURE DIVINE

LORD

YOU show us a MYSTERY ; we SHALL NOT ALL DIE ?
-- WHEN the LAST FLEETING MOMENTS on earth , give a SIGH ,
In BLESSED HOPE we WAIT , to MEET in the SKY ,
--WITH OUR SAVIOUR WHO COMESin the CLOUDS up on HIGH ,
YOU'LL WHISK US FROM DEATH , IN THE TWINKLING OF AN EYE ,
-- It's what WE ALL LONG FOR , as the MILLENIUM DRAWS NIGH :
'O HEAVENLY SAVIOUR , Help Quicken our Pace ,
--As the Moment draws near for the End of the RACE ,
'O in THAT MOMENT , Help us Find Grace ,
--So there'll be No Shame as we Gaze on YOUR FACE ;
'O RAPTURE DIVINE , when we Rise to That Place ,
--We'll all Knit Together like Patterns in LACE ,
'O WHAT A MYSTERY A MIRACULOUS THING !!
--'O DEATH WHERE'S THY VICTORY 'O GRAVE WHERE'S THY STING !!!
NO MORE WILL OUR SOCIAL FABRIC BE TORN----
-- MAKING OUR DREAMS , ALL LOST AND FORELORN ,
WE'LL MEET WITH THE SAINTS OF NOW, AND OF OLD ----
--HOW GREAT A TALE OF TRUTH WILL UNFOLD
NO MORE WE'LL SUFFER DERISION AND SCORN
WE'LL ALL BE THERE BECAUSE WE'RE REBORN!!!
FOR IN THAT GREAT CITY WE'LL LIVE WITHOUT FLAW ,
IN FELLOWSHIP IN WORSHIP IN SERVICE EVERMORE :

The Big List Of 33 Things That Are Going To Happen In September 2015

By Michael Snyder, on August 19th, 2015

Is September 2015 going to be a month that changes history? For months, there has been an unprecedented amount of buzz all over the Internet about what is going to happen in September. And without a doubt, we are going to witness a convergence of events during that month that is quite remarkable. What I have attempted to do in this article is to put together a list of things that we know will happen next month. Some of the lists that I have seen contain things that cannot be proven or that are simply inaccurate. And of course it is very likely that some things will happen in September that we cannot anticipate right now. I am just providing the information that I have at this time, and it is up to you and your family to prepare for what you believe will

happen. The following is my big list of 33 things that are going to happen in September 2015...

September 1 – This marks the beginning of FEMA's annual "National Preparedness Month"

September 07 – Labor Day

September 11 – The 14th anniversary (7+7) of 9/11

September 11 – The last day of trading on Wall Street before the end of the Shemitah year

September 12 – Madonna's Rebel Heart Tour opens in the United States. The first stop is in Washington D.C. and according to Holly Deyo the "opening theme is Desecration of The Bride and Arrival of Fallen Angels"

September 12 and September 13 – Rabbi Chaim Kanievsky, a leading authority in Ultra-Orthodox Judaism, has indicated that the Messiah that the Jewish people are expecting could come at this time

September 13 – The last day of the Shemitah year. During the last two Shemitah cycles, we witnessed record-breaking stock market crashes on the very last day of the Shemitah year (Elul 29 on the Biblical calendar). For example, if you go back to September 17th, 2001 (which was Elul 29 on the Biblical calendar), we witnessed the greatest one day stock market crash in all of U.S. history up until that time. The Dow plunged 684 points, and it was a record that held **for exactly seven years** until the end of the next Shemitah cycle. On September 29th, 2008 (which was also Elul 29 on the Biblical calendar), the Dow plummeted 777 points, which still today remains the greatest one day stock market crash of all time in the United States. Now we are in another Shemitah year. It began in the fall of 2014, and it ends on September 13th, 2015.

September 13 – [Partial solar eclipse](#)

September 14 – Rosh Hashanah

September 14 – The first day of trading on Wall Street after the end of the Shemitah year

September 15 – The 70th session of the UN General Assembly begins on this date. It has been widely reported that France plans to introduce a resolution which will give formal UN Security Council recognition [to a Palestinian state](#) shortly after the new session begins. Up until now, the U.S. has always been the one blocking such a resolution, but Barack Obama has already indicated that things may be different this time around. It would be extremely difficult to overstate the significance of this.

September 15 – The Jade Helm military exercises are scheduled to end

September 17 – If there is going to be a rate hike in September, [this is probably when](#) the Federal Reserve will do it

September 17 – This is [the deadline](#) for Congress to vote on Obama's deal with Iran

September 24 – The Pope addresses a joint session of the U.S. Congress

September 25 – On May 14th, 2014 French Foreign Minister Laurent Fabius famously proclaimed that we had only 500 days to avoid "climate chaos". His time frame of 500 days ends [on September 25th](#).

September 25 to September 27 – The United Nations launches a brand new “universal agenda” for humanity known as “[the 2030 Agenda](#)”

September 25 – The Pope appears at the UN to deliver an address to kick off the conference at which the 2030 Agenda will be unveiled

September 26 and 27 – The Pope will be travelling to Philadelphia for the “[2015 World Meeting of Families](#)”

September 28 – The first day of the Feast of Tabernacles

September 28 – This is the date for the last of [the four blood moons](#) that fall on Biblical festival dates during 2014 and 2015. This blood moon will be a “supermoon” and it will be clearly visible from the city of Jerusalem. Due to the ending of the Shemitah year and numerous other factors, there is rampant speculation that a stock market crash is going to happen in the United States [during the month of September](#).

Previously, I have expressed my view that a major global financial crisis is imminent, but my warning covers all of the remaining months of 2015. Since I cannot prove that a stock market crash will happen next month, I have left it off the list. But without a doubt, we are entering the danger zone. There is also lots of speculation about unusual activity at the Large Hadron Collider during the month of September. In my research, I have not yet come across anything that confirms that.

But certainly, what they are doing with the Large Hadron Collider concerns me greatly. This is something that I covered in a previous article entitled “[Will The Large Hadron Collider Open Up A Portal To Another Dimension?](#)”

In addition, I am also aware that there is a tremendous amount of speculation about an asteroid or a meteor that may or may not be heading toward our planet next month. At this time, I have no way of proving this is true, and I have no way of disproving it is true either. I have not come across anything that I can independently verify that indicates that this will or will not happen. In law school I was trained to stick to the facts, and I don’t have any facts.

Finally, I would like to acknowledge that there is plenty of speculation about certain natural disasters that may happen in September. They may indeed happen, but I cannot prove anything of that nature right now so I have left those natural disasters off the list.

Needless to say, next month promises to be absolutely crazy, and our time for preparing is running out. Disaster can strike very suddenly, and when it does, average citizens can be caught totally unprepared.

This is a point that Carl Gallups, the author of a new book entitled “[Be Thou Prepared: Equipping the Church for Persecution and Times of Trouble](#)”, recently made during an interview [with WND](#)...Gallups identifies specific incidents when civil society collapsed, most notably in New Orleans immediately following Hurricane Katrina.

“You ended up with the worst of both worlds,” Gallups observed. **“You had widespread criminality, anarchy and disorder, and somehow, at the same time, you had government officials going around enforcing wildly tyrannical guidelines and even confiscating firearms.”** As a result, Americans **may be forced to rely on themselves for protection**, meaning Christians **have to begin planning now**.

Even if it doesn’t happen next month, life in America is about to change [dramatically](#).

The infrastructure and government services that we have all come to take for granted may not be there in the future. It is imperative that we all start to learn how to become more independent of the system, because the system is going to start failing in thousands of different ways.

So what do you think?

September 25 – The Pope appears at the UN to deliver an address to kick off the conference at which the 2030 Agenda will be unveiled, and initiated.

Agenda 2030 is the implementation of the Management System for the NEW WORLD ORDER.

Thirty + years have been spent building the infrastructure worldwide, in every Town, County, State and Nation. Their "treaties" have allowed the bypassing of National and State laws to achieve a web of Global control mechanisms, at local and National levels under the guises of - "Sustainability" (No Growth) - and "Environmentalism" (The Worship of Nature - Gaia Worship - PANTHEISM).— (Global Warming, [Sorry Climate Change] is nothing more than Global Fear Porn.)

The Pope is about to Induct 1.5 Billion Christians into Satanic Nature Worship. He may even have ambitions to be the world leader of this new world government—this brave new world.

This is a longer term Agenda being subtly initiated under cover of the Psychic and Emotional clutter of SEPTEMBER 2015 predictive programming and Fear Porn distractions.

Why would a " Christian" world leader want to lead his flock and the Peoples of the world into a Satanic One World Control System....Welcome to SATANISM - your New World Religion

There are 17 key points to 2030 Sustainable Agenda - This is the Agenda 21's rebirth from Local Infrastructure Building to Global Management of everything everyone on the planet will be allowed to DO, SAY AND BELIEVE (Mark in the hand controls what you do, Mark in the Forehead controls what you can Say and Think and Believe.) **Large numbers will be deceived and many will willingly rush to participate through fear and survivalism.**

You control Nations Through COLLECTIVIST Government. You control Individuals Through Control of their Water and Food supply. This Global system will bring us all to a Third World Subsistence Living Existence. You can feel many of these limits and constraints being implemented already - Availability of Food, Water, Energy, God given Freedoms, all drastically "managed" out of reach. Sustainability is based on a " Managed balance through No Growth ". It is based on a lying false premise.

Truth is - In the world of Man and Nature You either Grow Or You Die.

The 2030 Agenda: This Month The UN Launches A Blueprint For A New World Order With The Help Of The Pope

By Michael Snyder, on September 2nd, 2015

Did you know that the UN is planning to launch a “new universal agenda” for humanity in September 2015? That phrase does not come from me – it is actually right in the very first paragraph of the official document that every UN member nation will formally approve at a conference later this month.

The entire planet is going to be committing to work toward 17 sustainable development goals and 169 specific sustainable development targets, and yet there has been almost a total media blackout about this here in the United States.

The UN document promises that this plan will “transform our world for the better by 2030”, and yet very few Americans have even heard of the 2030 Agenda at this point. Instead, most of us seem to be totally obsessed with the latest celebrity gossip or the latest nasty insults that our puppet politicians have been throwing around at one another. It absolutely amazes me that more people cannot understand that Agenda 2030 is a really, really big deal. When will people finally start waking up?

As I discussed in a previous article, the 2030 Agenda is taking the principles and goals laid out in Agenda 21 to an entirely new level. Agenda 21 was primarily focused on the environment, but the 2030 Agenda addresses virtually all areas of human activity. It truly is a blueprint for global governance. And later this month, nearly every nation on the entire planet is going to be signing up for this new agenda.

The general population of the planet is going to be told that this agenda is “voluntary” and that it is all about “ending poverty” and “fighting climate change”, but that is not the full story. Unfortunately, there is so much positive spin around this plan that most people will not be able to see through it. Just check out an excerpt from a piece that was published on the official UN website yesterday...

“The United Nations General Assembly today approved a resolution sending the draft ‘2030 Agenda for Sustainable Development’ to Member States for adoption later this month, bringing the international community “to the cusp of decisions that can help realize the...

dream of a world of peace and dignity for all,”

according to Secretary-General Ban Ki-moon. “Today is the start of a new era. We have travelled a long way together to reach this turning point,” declared Mr. Ban, recounting the path the international community has taken over the 15 years since the adoption of the landmark Millennium Development Goals (MDGs) towards crafting a set of new, post-2015 sustainability goals that will aim to ensure the long-term well-being of our planet and its people

Who doesn’t “dream of a world of peace and dignity for all”?

They make it all sound so wonderful and non-threatening.

Inequality will finally be eradicated. This is from the preamble of the official 2030 Agenda. They make it sound like we are about to enter a global utopia in which poverty and document...

This Agenda is a plan of action for people, planet and prosperity. It also seeks to strengthen universal peace in larger freedom. We recognise that eradicating poverty in all its forms and dimensions, including extreme poverty, is the greatest global challenge and an indispensable requirement for sustainable development. All countries and all stakeholders, acting in collaborative partnership, will implement this plan.

The 2030 Agenda: This Month The UN Launches A Blueprint For A New World Order With The Help Of The Pope (Cont.)

We are resolved to free the human race from the tyranny of poverty and want and to heal and secure our planet. We are determined to take the bold and transformative steps which are urgently needed to shift the world onto a sustainable and resilient path.

As we embark on this collective journey, we pledge that no one will be left behind.

The 17 Sustainable Development Goals and 169 targets which we are announcing today demonstrate the scale and ambition of this new universal Agenda.

If it is a “universal agenda”, then where does that leave those that do not want to be part of it?

How will they assure that “no one will be left behind” if there are some nations or groups that are not willing to go along with their plan?

The heart of the 2030 Agenda is a set of 17 Sustainable Development Goals...

Goal 1 End poverty in all its forms everywhere

Goal 2 End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Goal 3 Ensure healthy lives and promote well-being for all at all ages

Goal 4 Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Goal 5 Achieve gender equality and empower all women and girls

Goal 6 Ensure availability and sustainable management of water and sanitation for all

Goal 7 Ensure access to affordable, reliable, sustainable and modern energy for all

Goal 8 Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Goal 9 Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Goal 10 Reduce inequality within and among countries

Goal 11 Make cities and human settlements inclusive, safe, resilient and sustainable

Goal 12 Ensure sustainable consumption and production patterns

Goal 13 Take urgent action to combat climate change and its impacts*

Goal 14 Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Goal 15 Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, halt and reverse land degradation and halt biodiversity loss.

Goal 16 Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Goal 17 Strengthen the means of implementation and revitalize the global partnership for sustainable development

The 2030 Agenda: This Month The UN Launches A Blueprint For A New World Order⁴⁸ With The Help Of The Pope (Cont.)

Once again, many of those sound quite good.

But what do many of those buzzwords actually mean to the elite?

For instance, what does "sustainable development" actually mean, and how does the UN plan to ensure that it will be achieved globally?

"This is something that was discussed in a recent [WND article](#)..."

But what is "sustainable development?" Patrick Wood, an economist and author of ["Technocracy Rising: The Trojan Horse of Global Transformation,"](#)

says it's clear the U.N. and its supporters see sustainable development as more than just the way to a cleaner environment. They see it as the vehicle for creating a long-sought new international economic order, or "New World Order."

Wood's new book traces the modern technocracy movement to Zbigniew Brzezinski, David Rockefeller and the Trilateral Commission in the early 1970s."

And Wood is quite correct. The environment is a perfect vehicle for the elite to use to bring in their version of utopia, because just about every possible form of human activity affects the environment in some way. Ultimately, they hope to centrally plan and strictly regulate virtually everything that we do, and we will be told that it is necessary to "save the planet".

And they will never come out and openly call it a "New World Order" because "sustainable development" sounds so much nicer and is so much more acceptable to the general population.

Needless to say, there wouldn't be much room for individual liberty, freedom or good, old-fashioned capitalism in the world that the elite are trying to set up. In fact, the U.N.'s number one sustainable development official [has essentially publicly admitted this...](#)

"This is probably the most difficult task we have ever given ourselves, **which is to intentionally transform the economic development model, for the first time in human history,**"

Figueres, who heads up the U.N.'s Framework Convention on Climate Change, told reporters in February.

"This is the first time in the history of mankind that we are setting ourselves the task of intentionally, within a defined period of time, to change the economic development model that has been reigning for the at least 150 years, since the industrial revolution,"

Figueres said.

They plan to "intentionally transform the economic development model"?

And so what will this new system look like?

How will they achieve this "utopia" that they are promising us?

Sadly, they are just selling the same lies that have been sold to people for thousands of years. Paul McGuire, the co-author of a new book entitled "[The Babylon Code: Solving the Bible's Greatest End-Times Mystery](#)", commented on this recently...

"Deep inside every man and woman is the longing for a far better world, a world without war, disease, death, and pain.

Our present world is a cruel world in which every life ends in death.

From the beginning of time Mankind has sought to use science and technology to create a perfect world, what some would call Utopia or Paradise.

As the Human Race began to organize itself, a Scientific or Technocratic Elite rose to power by promising the masses that they could build this perfect world.

Ancient Babylon represented the first historical attempt to build paradise on earth."

The 2030 Agenda: This Month The UN Launches A Blueprint For A New World Order⁴⁹ With The Help Of The Pope (Cont.)

In ancient times, Babylon was the very first attempt to create a type of "global government", and ever since then the global elite have been trying to recreate what Babylon started.

The promise is always the same – the elite swear that they have finally figured out how to create a perfect society without poverty or war. But in the end all of these attempts at utopia always end up degenerating into extreme forms of tyranny.

On September 25th, the Pope is travelling to New York to give the opening address at the conference where the 2030 Agenda will be launched. He will be urging all of humanity to support what the UN is trying to do. There are countless millions that implicitly trust the Pope, and they will buy what he is selling hook, line and sinker.

Don't be fooled – the 2030 Agenda is a blueprint for a New World Order. Just [read the document for yourself](#), and imagine what our world would actually look like if they have their way.

They want to fundamentally transform our planet, and the freedom that you are enjoying today is simply not acceptable. To the elite, giving people freedom and liberty is dangerous because they believe it hurts the environment and causes societal chaos. According to their way of thinking, the only way to have the kind of harmonious utopia that they are shooting for is to tightly regulate and control what everyone is thinking, saying and doing.

Their solutions always involve more central planning and more control in their own hands.

So what do you think?

Should we hand the global elite that kind of power and control?

If not, then we all need to start speaking out about this insidious agenda while we still can.

The United Nations 2030 Agenda decoded: It's a blueprint for the global enslavement of humanity under the boot of corporate masters

by Mike Adams, the Health Ranger, NaturalNews Editor

**(NaturalNews) This week, Michael Snyder published an important article entitled
The 2030 Agenda: This Month The UN Launches A Blueprint For A New World Order
With The Help Of The Pope**

<<http://endoftheamerican dream.com/archives/the-2030-agenda-this-month-the-un-launches-a-blueprint-for-a-new-world-order-with-the-help-of-the-pope>> .

That article references this UN "2030 Agenda" document

<<https://sustainabledevelopment.un.org/post2015/transformingourworld>

> that pushes a blueprint for so-called "sustainable development" around the world.

This document describes nothing less than a **global government takeover of every nation across the planet**. The "goals" of this document are nothing more than code words for a corporate-government fascist agenda that will imprison humanity in a devastating cycle of poverty while enriching the world's most powerful globalist corporations like Monsanto and DuPont.

In the interests of helping wake up humanity, I've decided to **translate the 17 points of this 2030 agenda** so that readers everywhere can understand what this document is really calling for. To perform this translation, you have to understand how globalists disguise their monopolistic agendas in "feel good" language.

Here's the point-by-point translation. Notice carefully that **nowhere does this document state that "achieving human freedom" is one of its goals**. Nor does it explain HOW these goals are to be achieved.

As you'll see here, every single point in this UN agenda is to be achieved through **centralized government control and totalitarian mandates that resemble communism**.

Translation of the UN's "2030 Agenda blueprint for globalist government" (controlled by corporate interests)

Goal 1) End poverty in all its forms everywhere

Translation: Put everyone on government welfare, food stamps, housing subsidies and handouts that make them obedient slaves to global government. Never allow people upward mobility to help themselves. Instead, teach mass victimization and obedience to a government that provides monthly "allowance" money for basic essentials like food and medicine. Label it "ending poverty."

Goal 2) End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Translation: Invade the entire planet with GMOs and Monsanto's patented seeds while increasing the use of deadly herbicides under the false claim of "increased output" of food crops. Engineer genetically modified plants to boost specific vitamin chemicals while having no idea of the long-term consequences of genetic pollution or cross-species genetic experiments carried out openly in a fragile ecosystem.

The United Nations 2030 Agenda decoded: It's a blueprint for the global enslavement of humanity under the boot of corporate masters (Cont.)

Goal 3) Ensure healthy lives and promote well-being for all at all ages

Translation: Mandate 100+ vaccines for all children and adults at gunpoint, threatening parents with arrest and imprisonment if they refuse to cooperate. Push heavy medication use on children and teens while rolling out "screening" programs. Call mass medication "prevention" programs and claim they improve the health of citizens.

Goal 4) Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Translation: Push a false history and a dumbed-down education under "Common Core" education standards that produce obedient workers rather than independent thinkers. Never let people learn real history, or else they might realize they don't want to repeat it.

Goal 5) Achieve gender equality and empower all women and girls

Translation: Criminalize Christianity, marginalize heterosexuality, demonize males and promote the LGBT agenda everywhere. The real goal is never "equality" but rather the marginalization and shaming of anyone who expresses any male characteristics whatsoever. The ultimate goal is to feminize society, creating widespread acceptance of "gentle obedience" along with the self-weakening ideas of communal property and "sharing" everything. Because only male energy has the strength to rise up against oppression and fight for human rights, the suppression of male energy is key to keeping the population in a state of eternal acquiescence.

Goal 6) Ensure availability and sustainable management of water and sanitation for all

Translation: Allow powerful corporations to seize control of the world's water supplies and charge monopoly prices to "build new water delivery infrastructure" that "ensures availability."

Goal 7) Ensure access to affordable, reliable, sustainable and modern energy for all

Translation: Penalize coal, gas and oil while pushing doomed-to-fail "green" energy subsidies to brain-dead start-ups headed by friends of the White House who all go bankrupt in five years or less. The green start-ups make for impressive speeches and media coverage, but because these companies are led by corrupt idiots rather than capable entrepreneurs, they always go broke. (And the media hopes you don't remember all the fanfare surrounding their original launch.)

Goal 8) Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Translation: Regulate small business out of existence with government-mandated minimum wages that bankrupt entire sectors of the economy. Force employers to meet hiring quotas of LGBT workers while mandating wage tiers under a centrally planned work economy dictated by the government. Destroy free market economics and deny permits and licenses to those companies that don't obey government dictates.

Goal 9) Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Translation: Put nations into extreme debt with the World Bank, spending debt money to hire corrupt American corporations to build large-scale infrastructure projects that trap developing nations in an endless spiral of debt. See the book *Confessions of an Economic Hit Man* by John Perkins to understand the details of how this scheme has been repeated countless times over the last several decades.

The United Nations 2030 Agenda decoded: It's a blueprint for the global enslavement of humanity under the boot of corporate masters (Cont.)

Goal 10) Reduce inequality within and among countries

Translation: Punish the rich, the entrepreneurs and the innovators, confiscating nearly all gains by those who choose to work and excel. Redistribute the confiscated wealth to the masses of non-working human parasites that feed off a productive economy while contributing nothing to it... all while screaming about "equality!"

Goal 11) Make cities and human settlements inclusive, safe, resilient and sustainable

Translation: Ban all gun ownership by private citizens, concentrating guns into the hands of obedient government enforcers who rule over an unarmed, enslaved class of impoverished workers. Criminalize living in most rural areas by instituting *Hunger Games*-style "protected areas" which the government will claim are owned by "the People" even though no people are allowed to live there. Force all humans into densely packed, tightly controlled cities where they are under 24/7 surveillance and subject to easy manipulation by government.

Goal 12) Ensure sustainable consumption and production patterns

Translation: Begin levying punitive taxes on the consumption of fossil fuels and electricity, forcing people to live under conditions of worsening standards of living that increasingly resemble Third World conditions. Use social influence campaigns in TV, movies and social media to shame people who use gasoline, water or electricity, establishing a social construct of ninnies and tattlers who rat out their neighbours in exchange for food credit rewards.

Goal 13) Take urgent action to combat climate change and its impacts

Translation: Set energy consumption quotas on each human being and start punishing or even criminalizing "lifestyle decisions" that exceed energy usage limits set by governments. Institute total surveillance of individuals in order to track and calculate their energy consumption. Penalize private vehicle ownership and force the masses onto public transit, where TSA grunts and facial recognition cameras can monitor and record the movement of every person in society, like a scene ripped right out of *Minority Report*.

Goal 14) Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Translation: Ban most ocean fishing, plunging the food supply into an extreme shortage and causing runaway food price inflation that puts even more people into economic desperation. Criminalize the operation of private fishing vessels and place all ocean fishing operations under the control of government central planning. Only allow favoured corporations to conduct ocean fishing operations (and make this decision based entirely on which corporations give the most campaign contributions to corrupt lawmakers).

Goal 15) Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Translation: Roll out Agenda 21 and force humans off the land and into controlled cities. Criminalize private land ownership, including ranches and agricultural tracts. Tightly control all agriculture through a corporate-corrupted government bureaucracy whose policies are determined almost entirely by Monsanto while being rubber-stamped by the USDA. Ban woodstoves, rainwater collection and home gardening in order to criminalize self-reliance and force total dependence on government.

**The United Nations 2030 Agenda decoded:
It's a blueprint for the global enslavement of humanity under the boot of corporate
masters (Cont.)**

Goal 16) Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Translation: Grant legal immunity to illegal aliens and "protected" minority groups, which will be free to engage in any illegal activity -- including openly calling for the mass murder of police officers -- because they are the new *protected class* in society. "Inclusive institutions" means granting favourable tax structures and government grants to corporations that hire LGBT workers or whatever groups are currently in favour with the central planners in government. Use the IRS and other federal agencies to selectively punish unfavourable groups with punitive audits and regulatory harassment, all while ignoring the criminal activities of favoured corporations that are friends of the political elite.

Goal 17) Strengthen the means of implementation and revitalize the global partnership for sustainable development

Translation: Enact global trade mandates that override national laws while granting unrestricted imperialism powers to companies like Monsanto, Dow Chemical, RJ Reynolds, Coca-Cola and Merck. Pass global trade pacts that bypass a nation's lawmakers and override intellectual property laws to make sure the world's most powerful corporations maintain total monopolies over drugs, seeds, chemicals and technology. Nullify national laws and demand total global obedience to trade agreements authored by powerful corporations and rubber-stamped by the UN.

Total enslavement of the planet by 2030

As the UN document says, "We commit ourselves to working tirelessly for the full implementation of this Agenda by 2030."

If you read the full document and can read beyond the fluffery and public relations phrases, you'll quickly realize that

this UN agenda is going to be forced upon all the citizens of the world through the invocation of government coercion.

Nowhere does this document state that the rights of the individual will be protected. Nor does it even acknowledge the existence of human rights granted to individuals by the Creator.

Even the so-called "Universal Declaration of Human Rights" utterly denies individuals the right to self defense, the right to medical choice and the right to parental control over their own children.

The UN is planning nothing less than a
global government tyranny that enslaves all of humanity
while calling the scheme "sustainable development" and "equality."

1984 has finally arrived. And of course it's all being rolled out under the fraudulent label of "progress." ("Moving forward") Julia Gillard.

FEMA is prepared. Are you?

Folks, this is exceedingly serious. Who to infiltrate GLOBALLY!! The Trojan Horse is a tried and true method

and it is being used once again in FRONT OF OUR FACES.

This does NOT affect Europe only, this is a precursor.

Questions this broadcast answers:

- 1.) Why would Syrian refugees make the dangerous and extremely long journey to European nations and U.S. (who hold damnable doctrine and life-styles according to the Quran) rather than the Arab nations (who are Islamic oriented) around them?
- 2.) Why has it taken 5 full years (length of civil war in certain parts of Syria) for Syrians in the particular regions to leave?
- 3.) Why are refugees tossing out good water and food given to them by western governments on their arrival?
- 4.) Why are many of the refugees young men?

- 5.) Why are the 5 wealthiest Gulf Nations refusing to take even one refugee? What do they know that we don't?
- 6.) Could it be this refugee crisis is not really a crisis at all but a Trojan Horse?
- 7.) Could it be that we could be looking at the most massive Infiltration of Muslims and the religion of Islam the West has EVER seen in History
- 8.) Could it be this "refugee crisis" is a planned takeover by the United Nations, U.S. and EU sensitive to the Caliphate of Islamic Teachings?
- 9.) Could it be that due to Russian intervention in the Syrian war backing Assad this Exodus of Syrians is due to a major surprise all-out attack to be launched by the U.S. and Nato in Syria making Damascus a "ruinous heap"?
- 10.) Does the China and Russia warships spotted off the coast of Alaska and Georgia U.S. last week indicate something far more threatening and sinister is about to take place on the global scene?

ISIS is plotting to smuggle militants into Western Europe disguised as refugees so that they can launch devastating terror attacks, according to US intelligence sources.

Encrypted communications unravelled by American military intelligence have revealed that Islamic State leaders are planning to take advantage of the 'chaotic conditions' on the Syria-Turkey crossing.

Relaxed border controls would allow IS militants to blend in with the thousands of genuine refugees spilling over the border in search of safety, [reports International Business Times](#).

The Trojan Horse tactic would see fighters equipped with fake passports, leaving them free to travel around European countries and plot terrorist attacks unchecked.

A US intelligence source, speaking to German newspaper Bild, said that ISIS was moving away from plans to conduct aircraft hijackings for fear of tight security – and that they were looking to land a new strategy. 'In view of the chaotic conditions on the Syria-Turkey border, it is nearly impossible to catch Isis terrorists in the wave of refugees,' wrote Bild.

Because hundreds of refugees cross the Syrian-Turkish border every day, the jihadists have a good chance of remaining unnoticed in the crowds.

Isis Terrorists Disguised as Refugees in Trojan Horse Plot Against Europe

More than 60 people have been detained after returning to the UK from The Middle East, on suspicion of fighting alongside Isis.

Isis (now known as the Islamic State) is plotting to smuggle its fighters into Western Europe disguised as Middle Eastern refugees, according to US intelligence sources.

German newspaper Bild reported that American intelligence authorities had unravelled encrypted talks between the leadership of IS.

The sources told the outlet IS was moving away from plans to conduct aircraft hijackings and attacks for fear of tight security and was looking to land a new strategy.

It is seeking to move militants across borders disguised as refugees in a "trojan horse" tactic that would see the fighters use fake passports once in Turkey to reach Western European countries in the hope of carrying out terror attacks.

"In view of the chaotic conditions on the Syria-Turkey border, it is nearly impossible to catch Isis terrorists in the wave of refugees," wrote Bild.

The porous nature of the Syrian-Turkish border has seen thousands of refugees from the Syrian civil war cross into the Nato member's territory.

The lax border controls allow IS militants to merge with genuine refugees seeking safety away from the war-weary country.

The discovery by US intelligence comes as the Syrian border city of Kobani continues to bear the brunt of an IS offensive.

IS has raised two flags over the city's eastern district and is in control of Mistenur, the strategic hill overlooking the town.

Hundreds of Kurds from the YPG (Syrian-Kurdish militia) have crossed the Syrian-Turkish border to fight the terror group and protect the city, according to the YPG spokesman Redur Xelil.

Since the IS offensive on the areas surrounding the city began, approximately 150,000 civilians - mainly Syrian Kurds - have fled across the border into Turkey.

There are fears IS will embark on another mass slaughter - as it did with the Yazidi Kurds in the Iraqi town of Sinjar - if it captures Kobani. Despite the mass exodus into Turkish territory, 100,000 people remain in the city.

Esmat al-Sheikh, head of the Kobani Defence Authority, said: "If they enter, it will be a graveyard for us and for them. We either win or die. We will resist to the end."

EVIDENCE: STOCK MARKET CRASH IS COMING

****Alert** The Probability That A 2015 Stock Market Crash Will Occur Is Rising 8 Sep 15**

The stock markets continue to get whipsawed. Stocks plunged on [Monday](#) and [Tuesday](#), bounced back on [Wednesday](#), burbled along on [Thursday](#), and then got slammed on [Friday](#) after the jobs report.

All the major US indices closed down about 3% for the week.

This action follows the previous week's wild ride when stocks started deep in the red; the Dow plummeted 1,089 points (before recovering), and, somehow, ultimately both the S&P and Dow closed [0.6% and 0.8% higher for the week](#), respectively.

People who are invested in the stock market might [not want to hear this](#), but we could be in the midst of a stock market crash.

(For what it's worth, the fact that there's a small chance of something happening doesn't mean that it's not worth acknowledging and thinking about the possibility that it could happen.)

Generally, when people think about the tech and credit bubbles in the stock market, they tend to visualize a single crazy stock plunge that just keeps going and going in one direction: downb7c9d

When stock market bubbles come to a head, however, they tend make wild swings. In other words, they don't just suddenly burst — it's more of a wild up-and-down process.

In a [January note to clients](#), UBS strategist Julian Emanuel zoomed into the stock market action during the previous two major market peaks to illustrate this important observation. [SOURCE](#)

**The Stock Market: Is This Really The Last Hurrah?
Truth be told I could literally go blind looking at charts, it is a language foreign to most which greatly rewards those who respect the story they tell.**

The Stock Market: Is This Really The Last Hurrah? (Cont.)

There is also an old Wall Street saying which goes like this: "you trade the market you have, not the one you want."

The truth is this, **the markets are alive.** The price movement of any and all markets involve the conscious thought of each participant, even those trades done by machines. Because auto-trading platforms as well were programmed by a human being.

So every chart tells a collective story.

It is certainly no secret that these markets, especially the stock market, is "behaving" in a manner which has raised more than a few eyebrows as of late. In fact every day people walking the street are even taking notice.

Is a big story about to be told? And what do the charts say?

Let's have a look.

The following is a chart segment of the Dow Jones Industrial Average dating from when the Federal Reserve first began quantitative easing, after the last stock market crash. So the story being told by the following chart really begins in 2009.

For those of you not familiar with the Elliot Wave Principal, this is a theory which states that markets follow certain patterns based upon "collective investor psychology." These waves move between optimism and pessimism, as a result, these cycles can be seen as a series of impulse waves, five of them as numbered on the chart. These five waves are followed by "corrective waves," three of them, also seen on the chart marked A,B, and C.

While not fact, I believe that this "theory" has merit.

Having another look at the chart above, it appears that we may just have completed the first corrective wave, **A.** If this plays out as I believe it may, we have just entered the next wave, **B,** a move higher, which will then be followed by wave **C**, and a large downward move.

In truth all of this is playing out exactly the way it should as of late with regard to the current price action of these markets. Moreover, it is validating the Elliot Wave Sequence.

The real question is this: what is the probability that we will soon be facing massive and sustained losses in this market? I.E. a **C wave?** I believe that in recent history we have not seen higher chances of this occurring.

The Stock Market: Is This Really The Last Hurrah? (Cont.)

Regarding the 2,200 Points the Market Has Already Lost in 2015, Michael Snyder writes:

Those that watched their stocks steadily increase in value for years are now seeing all of that "wealth" disappear at a staggering pace. The only way you actually make money in the stock market is if you get out in time, and many Americans are discovering that all or most of their gains have already been wiped out. At this point, the Dow Jones Industrial Average has dipped below where it was at the end of the 2013 calendar year. That means that nearly two years of gains have already been obliterated. On Friday, the Dow was down another 272 points, and it is now down more than 2200 points from the peak of the market back in May. For months, I have been detailing how things were setting up for this kind of financial crash in **textbook fashion**, and now events are playing out just as I warned. But this is just the beginning – what is coming next is going to shock the world.

We have already seen the 8th largest and 10th largest single day stock market crashes **in all of U.S. history** happen within the past few weeks. In fact, it was actually the very first time that we have ever seen the Dow fall by more than 500 points **on consecutive trading days**.

On August 25th, I warned that there would be some huge rebound days where we would see lots of "panic buying", and on August 26th we witnessed the 3rd largest single day stock market increase **in all of U.S. history**.

Headlines all over America trumpeted the "fact" that the stock market had "recovered", but the mainstream media failed to mention that the only two better days for the stock market were right in the middle of the stock market crash of 2008.

In [this article](#), I explained that this is exactly the type of market behavior that we expect to see during a full-blown market meltdown. There are going to be even more violent swings in the market in the weeks ahead, but the general direction will be down.

Friday was definitely another down day. The following is how [Zero Hedge](#) summarized the carnage...

Dow Industrials lowest weekly close since April 2014

Dow Transports lowest weekly close since May 2014

S&P 500 lowest weekly close since Oct 2014's Bullard lows

Nikkei dumped over 7% this week – worst week since April 2014

Utilities collapsed 5.1% this week – worst week since March 2009

Financials lowest weekly close since Oct 2014's Bullard lows

Biotechs lowest weekly close since Feb 2015

Investment Grade Corporate Bond Spreads worst since June 2013

Treasury Curve (2s30s) flattened 6bps today – biggest drop in 2 weeks.

JPY strengthened 2.4% on week against the USD – strongest week since August 2013 (up 4.5% in 3 weeks) – major carry unwind!all

I wish I could tell you that things are going to get better, but I can't do that. There are some giant financial bubbles that are starting to unwind, and this process is going to take time to fully unfold. And this is truly a global phenomenon. Chinese stocks have been crashing horribly, Japanese stocks just had their worst week in over a year, Canada and much of South America are plunging into recession, and Europe is probably in worse shape than everyone else if you look at the fundamentals. Even though U.S. stocks have already fallen substantially, the truth is that they easily have much farther to fall. Yale economics professor Robert Shiller believes that we could actually soon see the Dow plunge all the way [to 11,000](#)...

In what amounts to an ominous message for Wall Street, Robert Shiller, a Yale economics professor and author of [Irrational Exuberance](#), doled out some serious bear talk this morning.

Shiller told CNBC Thursday morning that "this is a dangerous time" for the stock market.

Shiller, who has a reputation for calling market tops, warned that the Dow Jones industrial average, which closed Wednesday at 16,351, could fall as low as 11,000, a potential drop of more than 30% from current levels.

The Stock Market: Is This Really The Last Hurrah? (Cont.)

At the moment, the Dow is sitting just above 16,000, which is an exceedingly important psychological level.

If the Dow breaks below 16,000 and stays there for a few days, it is quite likely that full-blown panic will set in.

And once we see the Dow dip below 15,000, people will be going insane.

Another key indicator to watch is the VIX (the CBOE Volatility Index). If you are not familiar with the

VIX, here is a pretty good definition [from Investopedia...](#)

The ticker symbol for the Chicago Board Options Exchange (CBOE) Volatility Index, which shows the market's expectation of 30-day volatility. It is constructed using the implied volatilities of a wide range of S&P 500 index options. This volatility is meant to be forward looking and is calculated from both calls and puts. The VIX is a widely used measure of market risk and is often referred to as the "investor fear gauge."

Right now it is sitting at 27.80. If the VIX [**rises above 40 and stays there**](#), that will be a major red flag.

We have entered "[**the danger zone**](#)", and events are going to start moving very rapidly now. If you have been listening to the warnings, you are going to understand why things are happening and you are going to know what to do.

Unfortunately, most people are going to have that "deer in the headlights" look because they will not understand what is happening and they will be frozen by fear.

Stay tuned to this website and to [**End Of The American Dream**](#) because things are about to get very weird and I will do my best to explain them as the coming weeks and months play out.

So what do you think the rest of September will bring?

In the video below,

<https://www.youtube.com/watch?v=aLeLJDaKEY8>

Peter Schiff gives his version of an, "I told you so," on the issue of Fed rate hikes, and I don't blame him. I've also said all along there was no chance the Fed would raise rates. How could they? PLEASE! If you recall, in the beginning of the year there were two camps of economists, the ones who thought the Fed would raise rates in March, and those who said they would raise rates in June. BOTH positions were LUDICROUS, just as anyone who thinks there is a snowball's chance in hell the Fed will raise rates ANYTIME soon are not only wrong, they are DEAD WRONG! Did anyone notice what happened to the artificially inflated stock market when there was even a suspicion the Fed MIGHT raise rates? The stock market dropped 1700 points in 8 days. Sadly, I know plenty of people who have changed their financial positions in a material way (and to their own detriment) in anticipation of a Fed rate hike, and it's mind boggling. Personally, I SOLD a home while the getting was good, and there was still a huge pool of ignorant morons thinking we are in a recovery, and yes, it sold for an overinflated price that in a year will be inconceivable how I got that much for it.

As Peter very accurately points out in the video, there has been NO recovery. All the gains people have seen in real estate or their stock portfolios have been artificial. Temporary bubbles have been created in both markets as a result of the loose monetary policy of the Fed, which has resulted in the APPEARANCE of a recovery within both the stock market and the real estate market. Once those bubbles pop, and they will, the Obama presidency will have nothing to show for doubling the nations debt since the country was founded taking the national debt from \$10 TRILLION to \$20 TRILLION dollars in only eight years, but the economy he will leave behind will be WORSE than the one he inherited in 2008. Watch the video for more of what to expect in coming months...

The Shemitah And The Blood Moons Are Warning Us That Judgement Is Coming To America In September

info@thesechristiantimes.com | Sep 07, 2015 | [Comments 0](#)

By Joe Cruz

We have finally arrived to the most anticipated month of the year. The dreaded September Month of Judgement. The internet has been inundated with doom and destruction. From an asteroid hitting the Earth to a major Apocalyptic Tsunami and Earthquake that will devastate the West Coast. There is no end in sight on what people believe will happen. Actual date setting have been predicted in September with many believing the 23rd as a Day of Destruction. Jonathan Cahn is unique. He is not predicting the end of the world, but judgement that will alter the landscape of America. I understand many people have an issue with Date setting, but please understand that Jonthan Cahn has never date set. He is warning a nation to repent before Judgement comes. The Bible is replete with judgement on nations that turn away from him. A desecration of the land will come real soon. America is long overdue as Idolatry, Fornication, and Immorality cover the land. We even sacrifice our own children to the Spirit of Baal as the blood of the innocent children are washed down the drains from Planned Parenthood and into the rivers of this great land. The Cup of America's fornication is filled with blasphemy and Blood! Wake up and repent because a shaking is coming that will alter the foundations of America. There is no date setting when it will come. There are only warnings from God who seeks to bring his people out of the darkness. Will you heed his call?

Watch all three videos to truly understand the days we are living in. Let knowledge be your weapon to discern these times. ***Hosea 4:6 My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children.***

Cancer industry profits locked in by Nagalase molecule injected into humans via vaccines... spurs tumour growth... explains aggressive vaccine push

Monday, July 27, 2015 by: Julie Wilson staff writer

Tags: [nagalase](#), [GcMAF](#), [cancer industry profits](#)

(NaturalNews) One of the world's most lucrative industries, spending on cancer drugs reached an all-time high last year, as it was valued at more than \$100 billion. Spending on cancer drugs increased 6.5 percent annually over the past five years and is expected to continue growing at a rate of 8 percent each year through 2018, according to [figures](#) provided by the IMS Institute for Healthcare Informatics.

That spending is highly concentrated, as the US and five of Europe's largest countries account for nearly *two-thirds* of the entire market.

This means that *billions and billions of dollars* are secured by Americans being diagnosed with cancer.

That's one profitable industry; however, it could all be completely dismantled by one thing: a cure. As Mike Adams recently [reported](#), "A universal cancer cure would destroy the profitability of the highly lucrative cancer industry and collapse the American Cancer Society, hospitals, oncology clinics and pharmaceutical companies that depend on chemotherapy revenues to stay profitable." This means that anyone moving closer to developing a cure for cancer would be considered an *extreme* threat to the medical establishment and likely stopped at *any* cost.

With that in mind, the mysterious [deaths and disappearances of several natural health doctors](#) throughout Florida is as suspicious as it is concerning. If anyone was close to finding a universal cure for cancer and would ensure the public had access to it, it would likely be natural health doctors, or naturopaths, as they're less likely to prescribe drugs and more likely to try and heal the body naturally using holistic medicine and nontoxic approaches.

Breakthroughs using this type of medicine are extremely "controversial," as they threaten everything that the medical-industrial complex stands for, i.e. costly chemotherapy treatments and cancer drugs. Doctors leading this type of research are routinely raided and shut down by the U.S. Food and Drug Administration (FDA), after which they're treated like criminals and their reputations smeared. This is typically orchestrated against doctors who are considered a threat by the medical establishment.

Renown holistic doctor found dead one week after FDA raids clinic

This seems to be the case with Dr. James Jeffrey Bradstreet, who was recently found dead after his body was discovered floating in a North Carolina river with a single gunshot wound to the chest. Bradstreet, a renowned physician known for his [skepticism of immunizations](#) (particularly the MMR vaccine), and his progressive autism research, was raided by the FDA one week before his mysterious death. The details of the raid remain largely unknown.

Personally affected by autism, as both his son and stepson were diagnosed with the condition, a significant portion of Dr. Bradstreet's work was dedicated to this cause. He even testified twice before the U.S House of Representatives about the link between vaccines and autism.

As *Natural News* reported, leading up to his death, Dr. Bradstreet was working with a little-known molecule that occurs naturally in the human body. GcMAF (Globulin component Macrophage Activating Factor), which is the GC protein after it combines with vitamin D in the body, has the potential to be a [universal cure for cancer](#).

It's also believed to be capable of treating and reversing autism, HIV, liver/kidney disease and diabetes.

Dr. Bradstreet was working with a naturally occurring compound that may be the *single most effective thing* in the immune system for killing cancer cells

In an [interview](#) on the *Hagmann and Hagmann Report*, Dr. Ted Broer, an internationally recognized health and nutrition expert also based in Florida, describes how cutting edge Dr. Bradstreet's work was, as well as a [discovery he made that very well may have placed him in great danger](#) and could have been the motive for his suspected murder.

The alternative doctors who went missing and/or were killed, were reportedly "interlocked" through Dr. Bradstreet and Dr. Gonzalez's extensive research on autism, and what's causing autism, according to Dr. Broer. Dr. Gonzalez, a renown holistic cancer treatment pioneer who helped thousands overcome the disease through alternative medicine, [died of an apparent heart attack](#) just one month after Dr. Bradstreet's body was discovered floating in a river.

Internationally recognized health and nutrition doctor reveals possible motive for Bradstreet's death

Dr. Broer stated in the interview: *This information I'm about to give you right now is extremely controversial and a bunch of people have exited the planet who were working with it. This information has been around for awhile. They knew the information they were working with and they were basically being very, very careful, supposedly. And some of them were being accused of using GcMAF, and the FDA apparently raided several of their offices several weeks before they committed suicide or suddenly died.*

It's going to sound complicated, but I'm going to break this down for everybody super, super easy tonight. When you first hear these terms they're going to sound weird to you.

GC protein is a protein in the body that's used by macrophages in the body. What it does is, macrophages in the body are the ones that kill cancer cells, they stop cytokine storms and can be involved in cytokine storms, we'll explain all these terms in a few minutes.

After defining GcMAF and how it's formulated, Dr. Broer reiterates that it's "probably the single most effective thing in the immune system to kill cancer cells."

However, what Dr. Bradstreet and his colleagues discovered is that the immune system is being compromised by a compound called "nagalase." Nagalase is an enzyme/protein that's made by cancer cells and viruses causing immunodeficiency syndromes and has also been linked to autism as well as a "host of other problems," Dr. Broer explains. **Doctors found dead and/or went missing felt that nagalase was being introduced to the body through vaccines.** "What ends up happening is when the GC protein cannot be converted to McGAF, the entire immune system is compromised."

"This is such incredibly damning information to the entire medical profession and the immunological profession and those folks that [sic] are producing immunizations, that apparently they didn't want these guys around," Dr. Broer said. "I'm not saying what happened to these guys, I'm just saying they're not on this planet anymore."

How precise? Nagalase locates and attacks one specific two-electron bond located only at the 420th amino acid position on a huge protein molecule, one of tens of thousands of proteins, each containing millions of electrons. This is like selectively taking out a park bench in a major city from 6,000 miles away. More astonishingly, if that is possible, nagalase never misses its target, so there is no collateral damage.

Nagalase is being found in super high concentrations in autistic children

Dr. Bradstreet and his colleagues also learned that the nagalase protein was not present in children at birth but was somehow introduced into autistic children, they felt, during the immunization process. Before his death, Dr. Bradstreet treated 1,100 patients with GcMAF with an **85 percent response rate** – something that was deemed impossible by the medical community. After reintroducing GcMAF (which had been blocked by nagalase), **15 percent of Bradstreet's autistic patients were no longer autistic**, as all of their symptoms were *completely* eradicated. Since 1990, 59 research papers have been published on the healing effects of GcMAF, 20 of which pertain to the treatment of cancer. Research suggests that GcMAF can also cure or effectively treat Parkinson's and Alzheimer's disease and rheumatoid arthritis, as well as reduce cancerous breast, prostate and kidney tumors.

Stay tuned as *Natural News* continues to uncover more on this investigation.
